The present *Handbook* is drafted by the Southern Centre for Inequality Studies and the Division of Economics within SEF in order to integrate the *Rules and Syllabuses of Commerce, Law and Management* and the rules contained in the “Application for Postgraduate/Further Study” in regards to the **50% coursework** Masters of Commerce offered in the Field of Inequality Studies (CCA01).

The Southern Centre for Inequality Studies prides itself on the diversity of interests and fields of its researchers. The faculty is actively involved in research and publication activities, and is active in national and international professional societies.

The research interests of staff within the Southern Centre for Inequality Studies are both applied and theoretical, including conceptual and methodological dimensions of inequality, economics, development, gender, the future of work, sociology, public economics and wealth inequality.

Teaching and assessments

In 2026, teaching and learning will take place on campus in face-to-face lectures and seminars. Most assessments will be conducted in person in a specified venue to be communicated closer to the time and depending on the course.

The core courses for the MCom in Inequality Studies, ECON7070A, ECON7071A and ECON7069A. ECON7070A and ECON7071A are delivered by in-person lectures in 2026. ECON7069A is the research report module which includes a set of compulsory research and writing workshops. The lectures and workshops are held at the Southern Centre for Inequality Studies, at the Wits Parktown Management Campus.

The mode of delivery for each of the electives may vary. Each course will have its own dedicated course tab/site on Ulwazi and further communication on each course will be provided to you by the lecturer concerned. Assessments will either be online or conducted in person in a specified venue to be communicated closer to the time and depending on the course. Note that students will not have the option to choose the form of assessment they prefer; all students will write the same assessments.

Computer facilities available to Masters students

Registered Inequality Studies students have access to the postgraduate computer lab in the New Commerce Building, located on the 2nd floor. Should you have problems regarding access to the lab, please contact Mr Lehlohonolo Mokoatle in NCB136 or on email: Lehlohonolo.mokoatle@wits.ac.za.

Communication

There are two main forms of communication, Wits student email and Ulwazi. Students are advised to check both these channels regularly. Whenever it is possible, we will notify students about changes or events via email & Ulwazi. **Please note that it is your responsibility to ensure that your student email address is activated and checked frequently for any information.**

Ulwazi can be found at <https://ulwazi.wits.ac.za>. During the first few weeks of the first semester, a programme site tab will be added to Ulwazi which will be used for important notices, writing and research tips, as well as to advertise jobs and bursaries available. Please ensure that you have access to this programme tab as well as the course tabs for each of the courses you are registered for.

1. Application Requirements and Deadlines

- a. If the applicant has achieved an average of at least 65% for Honours in Economics/Economic Science/Applied Development Economics (ADE), or an appropriate Honours degree in the social sciences, [or equivalent, as defined below in (1.b) and in the *Rules and Syllabuses of Commerce, Law and Management*], their “Application for Postgraduate/Further Study” must be received by the Admissions Office of the Faculty of Commerce, Law and Management by **October 31** in order to be considered for the First Semester of the upcoming Academic Year. Note that the 65% requirements in Honours or equivalent is merely a minimum condition for application and per se does not guarantee automatic admission.
 - i. All applications for “Postgraduate/Further Study” are managed centrally within the university through the “Student Enrolment Centre”. This allows applicants to submit an online application, and go to the self-service portal to: (a) upload supporting documents *and* (b) check the status of the application.
 - ii. Further queries on the applications can be addressed to the Postgraduate Admissions Officer of the School of Economics and Finance in the New Commerce Building, West Campus (pgqueries.sef@wits.ac.za) as well as to the Postgrad Faculty Officer/s of the Faculty of Commerce, Law and Management, in the Faculty of Commerce, Law and Management Building, West Campus.
- b. International applicants and South African applicants who do not hold South African university degrees must have their degrees assessed by the South African Qualifications Authority (SAQA) before applying. The SAQA evaluation must then be included in the “Application for Postgraduate/Further Study”; an “Application” without a SAQA evaluation will be dismissed a priori. Ideally, the applicant should apply for SAQA assessment **at least 3 months** before applying to the Faculty of Commerce, Law and Management. SAQA application forms are available from SAQA’s website: www.saqa.co.za.

5. For-credit Coursework Requirements: Core

- a. For both taught core courses - ECON7070A and ECON7071A - the *minimum* passing mark of 50% is required.
- b. In the event of (5.a) not being satisfied, the student is allowed to repeat the failed core requirement **only one time** in order to achieve (5.a). If this option is granted to the student by the Masters Course Coordinator in Inequality Studies, exceptions may be made as to the total duration of study.
- c. Core courses may each be repeated **only one time** to achieve (5.a).
- d. In case (5.a) is not achieved even after repetition, the student must abandon the Masters programme.

6. For-credit Coursework Requirements: Electives

- a. As specified in (4.b), the student enrolled in CCA01 must complete three electives.
- b. If a student fails an elective with a final mark between 35% and 49% they can choose to repeat that elective or another one, but only once.

7. Non-credit coursework requirements

- a. In addition to the required for-credit coursework detailed above, the student enrolled in CCA01 is required to complete the following **non-credit** courses during the first semester:
 - **Data Analysis for Research in Economics (ECON4069A)**: attendance of full twelve-session course and completion of all assessments. *Note: students are required to complete all assessments and to pass this course to*

graduate. The result will appear on the transcript, but the mark will not be included in the final weighting. If a student fails the Data Analysis course, they will not be prevented from continuing with their Master's research, but they would be required to pass the Data Analysis course before graduating.

- b. A student who has an Honours Degree in Economics/Economic Sciences/ADE from Wits is exonerated from this requirement if they completed this courses previously (period between degrees to be considered).

8. Missed Assessments

Absence from a class test **or** failure to submit an essay/assignment on the due date will result in a mark of zero, unless a deferred is granted. Absence from the final examination will result in an outcome of Failed Absent (FABS) on the statement of academic record (essentially a zero mark) and the student may be excluded as per 3.c above, unless granted a deferred assessment.

Class Tests/Essays/Assignments

A deferred test/essay/assignment application (*course applicable – to be enquired with the lecturer*) must be **uploaded on the relevant Ulwazi course site** within **3 days** of the assessment, **no later**, with supporting documents to be considered.

- The lecturer will create an assignment “deferred test/essay/assignment application” on their course site after a test/essay/assignment which allows students to submit applications **within 3 working days of the assessment date, no later**, with supporting documents to be considered.
- After the closing date, the lecturer will make a decision on the application and communicate the outcome and logistics for writing the deferred test/essay/assignment to students (via Ulwazi). Deferred tests are usually held within a week of the first test.

Final Assessments (Examinations)

A deferred examination may be granted under special circumstances to students who are unable to write the final examination. Applications for **deferred assessments (exams)** must be **submitted through the student self-service portal** within **3 days of the scheduled exam, no later**, to the Faculty Office of CLM for consideration.

11. Grievances and code of conduct

If you have any concerns, we are here to assist you. Please ensure that the proper **escalation protocol** is followed. First speak to your lecturer/supervisor/administrator depending on the problem. If your problem is not dealt with adequately, then please escalate as follows: the course coordinator, the Head of Division, the Head of School, the Dean of the Faculty. Please try to use email if you can with details/messages attached so

records can be kept.

PLEASE REFER TO **APPENDIX 4** FOR THE STUDENT CODE OF CONDUCT AND GRIEVANCE PROCESSES.

12.A note on Plagiarism and use of Gen-AI

PLAGIARISM

Plagiarism refers to the copying or paraphrasing of sections, parts or passages from the electronic or written work of other people (e.g. authors of books or articles, other students, the internet) without acknowledgement. This includes copying text from ChatGPT or other AI programmes. Any written piece of work that contains substantially copied or paraphrased parts or sections from one or more sources, with little or no original contribution from the student submitting it, is plagiarised and represents a dishonest effort.

Make sure that you understand what constitutes plagiarism and how to reference appropriately so that you can avoid plagiarism. Ulwazi generates an automatic Turnitin report whenever you submit written work or assignments, and you will need to provide a Turnitin plagiarism report when you submit your research report. Plagiarism is easily detected by the University's Turnitin software.

Wits has a zero-tolerance policy towards plagiarism, especially at the postgraduate level. Any work found to contain plagiarised sections will incur a 0 mark and will be reported to the School Plagiarism Committee. This may result in the student being referred for further disciplinary action, with the risk of dismissal from the University.

Please see the University Student Misconduct and Plagiarism Policy (available on the programme site on Ulwazi).

USE OF GENERATIVE AI

Students need to adhere to the SEF policy on the use of Gen AI. The policy is included in the programme pack for reference (available on the programme site on Ulwazi). If you are in any doubt as to what is acceptable, please discuss this with your lecturer.

REMEMBER: THE ONUS IS ON YOU TO EDUCATE YOURSELF AND AVOID TRANSGRESSION

Procedures for the grievances of postgraduate students¹

1. Guiding principles

- The University commits itself to providing an environment in which the rights and dignity of its postgraduate students are upheld. Students should not feel that their grievances will be ignored or trivialized.
- Staff of the University are required to take appropriate action in accordance with this policy when the grievances of postgraduate students are drawn to their attention.
- Grievances will be taken seriously, investigated promptly and rigorously, and treated in confidence.
- Every effort should be made to resolve grievances through frank, informal discussion between the student and the staff member(s) concerned, before invoking formal procedures.
- Wherever possible, grievances should initially be addressed at School-level, and referred to Faculty-level only if they cannot be resolved. Appeal to the Deputy Vice-Chancellor (Academic) should be regarded as a last resort, when a student feels that resolution has not been achieved by all of the preceding processes.
- If it is found that a student has lodged an unwarranted grievance with malicious intent, the University reserves the right to invoke the appropriate disciplinary procedures.

2. Objectives

The objectives of this policy and these procedures are:

- to ensure the fair and equitable treatment of postgraduate students;
- to ensure that the grievances of postgraduate students are dealt with fairly and expeditiously;
- to ensure the fair and equitable treatment of members of staff against whom such grievances may be laid;
- to articulate clearly those procedures which postgraduate students should follow in seeking to have a grievance addressed.

3. Types of grievances

The procedures described in this document aim to assist postgraduate students in resolving grievances relating to their registration, with specific reference to:

- working relations with members of staff;
- aspects of their academic performance;
- the outcome of examinations of coursework and research;
- administrative processes and the provision of student services.

¹ These procedures were extracted from the University Grievance Policy for Postgraduate Studies (SS2009/2163a). The entire document is attached in the appendix.

4. Procedures for dealing with grievances against members of staff

- (a) If a student has a grievance concerning an academic or administrative decision, or the behaviour of a member of staff, this grievance should initially be discussed with the staff member concerned. Grievances against supervisors relate particularly (but not exclusively) to alleged failures to honour the terms set out in the 'Statement of Principles for Postgraduate Supervision', as well as any accompanying agreement.
- (b) If the grievance cannot be resolved, it should be referred to the appropriate Postgraduate Course Co-ordinator within the School. The student is entitled to be assisted by the School's Postgraduate Representative, if he/she so wishes. **Kindly note that if a student has an administrative query/complaint it should be firstly directed to the Postgraduate Administrator rather than the Postgraduate Course Co-ordinator.**
- (c) If the grievance still cannot be resolved, it should be submitted in writing to the Head of Economics Division who may escalate the grievance to the Head of School. The student is entitled to be assisted by a representative of the University's Postgraduate Association, if he/she so wishes.
- (d) If the grievance remains unresolved, it should be referred to the appropriate Assistant Dean in the Faculty (usually the Assistant Dean for Graduate Studies), who has the discretion to seek advice from the Faculty's Graduate Studies Committee and/or the Dean.
- (e) As a last resort, an appeal may be made to the Deputy Vice-Chancellor (Academic), whose decision on the matter will be final.
- (f) If the staff member against whom a grievance has been lodged is a Head of School, the grievance should be referred to the Dean. The student is entitled to be assisted by a member of the University's Postgraduate Association, as in (c).
- (g) If the staff member against whom a grievance has been lodged is a Dean, the grievance should be referred to the Deputy Vice-Chancellor (Academic), whose decision will be final. The student is entitled to representation by a member of the University's Postgraduate Association, as in (f).
